

WINE  
LIST

VOLUME 3

2020

AMORETTE IS AMONG A DISTINGUISHED GROUP  
of 1,244 restaurants worldwide with wine lists worthy of  
receiving Wine Spectator's Best Award of Excellence.

These wine lists display excellent breadth across multiple  
wine-growing regions and/or significant vertical depth of top  
producers, along with superior presentation. Typically offering  
350 or more selections, these restaurants are destinations for  
serious wine lovers, showing a deep commitment to wine, both  
in the cellar and through their service team.

# FROM THE S O M M E L I E R

FOR OVER THIRTY YEARS I HAVE WORKED AS A SOMMELIER and my professional career has taken me through various regions in France, and major wine countries in Europe like Italy, Spain, and Greece.

I am a member of the American Sommelier Association, Philadelphia Chapter 2000- 2002 and Member of the Union de la Sommellerie Francaise from 1990-1994 in Paris.

I lived in some of the most amazing cities, like Paris and London, where I worked in prestigious Michelin Star restaurants and was introduced to Mr. Olivier Poussier who would later become the world's best Sommelier 2000 in Montreal, Canada. He influenced my career to become an international Sommelier.

I have been in the United States for over 20 years, working with nationally and world renowned chefs like Jean-Louis Palladin (Watergate Hotel Washington DC, Chef Robert Wiedmaier (Marcel's Restaurant Washington DC), Chef Georges Perrier (Le Bec fin and Table 31 in Philadelphia), and Chef Martin Hamann (Four Seasons Hotel, Fountain in Philadelphia). In addition, I had the opportunity to meet with Mr. Robert Parker Jr. from the Wine Advocate Magazine for private tasting and discussion on several occasions.

The world of wine changes each and every day and, for the last thirty years, while deepening my love for the wines of Europe and North-America, I have also passionately embraced the study of wines from all around the world including areas like Argentina, Chile, New-Zealand, Australia, and South-Africa.

I love sharing my passion and my enthusiasm for wine. I am driven by the search for the right food and wine pairings and delight in working on food themes, bringing wine to life, focusing on the varietals, the appellations, the wine making methods, and above all, I enjoy the people who craft the wine. Warmth and friendship, clarity and simplicity, are all inherently part of my daily routine.

I have been fortunate in pursuing a career in a fascinating field which offers daily opportunities to pursue the two goals I set for myself: continually strive to be a high-level professional and spread the love for wine and gastronomy.

Cheers!

*Thierry Lespère*

# WINE BY THE GLASS

We are proud to offer a selection of wines from around the globe exclusively using the stemware and decanters from the Spiegelau Glass Company.

Coravin, Inc. is a privately held company located in Burlington, Massachusetts focused on transforming the way wine is served, sold and enjoyed. Coravin designs and markets the Coravin Systems for wine enthusiasts, restaurants, wine stores, and wineries. Unparalleled in craftsmanship and design, Coravin uses proprietary patented technology to access and pour wine from a bottle without pulling the cork. Wine enthusiasts can now enjoy wine sealed with corks without the need to commit to the whole bottle, allowing them to explore wines of any vintage, varietal or region, one taste at a time. Now available at Amorette.

3 oz - 5 oz - 25.4 oz

# S O M M E L I E R , W H O A R E Y O U ?

*A contact man, loving people, master of him, knowing suppress its moods, masking his fatigue and its concerns. Attentive listening of the other, specific in its technical gestures, fast, organizes vigilant, detail oriented, sober and humble.*

## T H E S O M M E L I E R I T S F U N C T I O N S

The sommelier, used for restoration of the service of wine and other beverages, is a human service. This definition succinct, recognized by all diluted too often in the various applications of the business. The most important for the client is or his knowledge of the vineyards, nor its practice of tasting, or its management of the cellar, or its proper application of the regulation, or its awards and won competitions, but all simply that much too often forget: the SATISFACTION OF THE CLIENT.

This man or woman is at the service of the customers of the restaurant. Its mission, in agreement with his leadership, is to offer a choice of wines suitable for the dishes chosen by the client, to be used in optimum conditions of quality, consumption and compliance with the rules of service temperature. To control the overall competence, sommelier must acquire a certain number of expertise and whether. This knowledge will build the bedrock of the culture of sommelier and will transform as a man or woman of service effective and appreciated by its customers. It thus draws the customer of the institution. Encyclopedic with technical knowledge at the service of his clients.

## T H E S O M M E L I E R M A N I N M U L T I P L E T R A D E S

Trade in multiple faces, restaurant service. Primary jurisdiction: “the service of drinks in a dining room”. Present wine list, advice the client, offer the best food/wine agreement, and serve wines and beverages selected temperature of consumption, in appropriate glassware. For an optimal implementation of these different facets, important work upstream is necessary.

First select the wines to offer on the map. The sommelier will use his skills organizer and taste. Search providers; be they mark dealers or wholesalers to move or consolidate samples to perform the sensory analysis of selected wines. These wines selected because of their taste qualities, their report/quality price, their eventual evolution, their agreement with the kitchen of the institution; should then store them in optimal conditions of conservation and evolution. Here the Sommelier-Manager intervenes. The cellar of restaurant management requires specific and varied skills. Organize storage based on the different capacities of the bottles, wines of multiple regions, of various types.

**The U.D.S.F. (Union de la Sommellerie Française)** allowed a renewal of the trade, profession for young people and young girls, who find there multiple trades, open to the world of wine, or each can speak following its sensitivities, passion and his own experience.

**Thierry Lesparre is a level 3 Sommelier in Europe (Paris) and was trained by mentor Olivier Poussier World Best Sommelier 2000, in Montreal, Canada.**

## CAIN VINEYARD & WINERY CALIFORNIA

*The Cain Vineyard site is truly spectacular, cradled in a bowl overlooking St. Helena from the top of the Spring Mountain District. In 1980, Joyce and Jerry Cain purchased part of the McCormick Ranch, a homestead dating back to the 1840's. The Cains were in search of a unique mountain property where they could realize their dream of planting the five classical Bordeaux varietals from which to draw one ideally structured wine, which would result as a blend of all five varieties. Jim and Nancy Meadlock joined the Cains in 1986, and in 1991 they purchased full ownership. The first Cain Five, the 1985 vintage was released in 1989. Cain produces four wines: Cain Five, Cain Cuvee, Cain Musque and Cain Concept.*

## BODEGAS, CATENA ZAPATA, ARGENTINA

*We at Catena Zapata are dedicated to unlocking the secrets of our land to bring Mendoza's wines to the rest of the world. In 1902, Nicolás's grandfather Nicola Catena planted his first Malbec vineyard in Mendoza. Today, the wines of Bodega Catena Zapata are sourced from six historic estate vineyards: Angélica, La Pirámide, Nicasia, Domingo, Adrianna and Angélica Sur.*

*We have poured our lives, our passion, our sweat, and our spirit into transforming a scrub-laden, high-altitude oasis in a desert into some of the most beautiful vineyards in the world. This is the story of how we blended family and historic vines with state-of-the-art viticulture to create wines that are both spectacular and true to their terroir.*

*It is a tale that travels from 19th-century Italy to the limestone soils of Mendoza, with serendipitous detours to California's sun-drenched Napa Valley and the king-making vineyards of Bordeaux. Drawing from the past and uncovering the secrets of nature toward the future, we are proud to make our treasured terroir in Mendoza the fountainhead for the wines that carry our name.*

| <i>1603. Malbec, Alma Negra, Ernesto Catena, Mendoza, Argentina</i>     | 2016 | \$70  |

## LA SPINETTA

*The Rivetti family story began in the 1890s when Giovanni Rivetti, grandfather to brothers Carlo, Bruno and Giorgio, left Piedmont for Argentina. Like many Italians at that time, he dreamed of returning rich and a powerful man, and perhaps even one day having the opportunity to make a great wine in his homeland. Though Giovanni never did, his son, Giuseppe (nicknamed “Pin”), fulfilled the dream. Pin married Lidia, purchased vineyards, and began to make wine. In 1977 the family took up residence at LA SPINETTA (meaning “top of the hill”) in Castagnole Lanze, located in the heart of the area well-known for Moscato d’Asti, a rather light and simple dessert wine at the time. The Rivetti’s believed, however, that Moscato had the potential for greatness and set out to prove it by producing the region’s first single-vineyard Moscato wines, Bricco Quaglia and Biancospino.*

*Over time, the family’s vision became even grander, and in 1985 LA SPINETTA made its first red wine, Barbera Cà di Pian, with many great reds to follow. In 1989 the Rivetti brothers named their red blend (Nebbiolo/Barbera) “Pin” in honor of their father. The first Barbaresco, Gallina, was produced in 1995 followed by Barbarescos Staderi, Barbera d’Alba Gallina in 1996 and and Barbaresco Valeirano in 1997. Barbera d’Asti Superiore entered the lineup in 1998.*

*In 2000 the family’s ambition of adding a Barolo to the winery production became a reality. The Rivetti’s acquired vineyards in Grinzane Cavour where a state of the art cellar, LA SPINETTA Campè, was also constructed.*

*In 2001 LA SPINETTA expanded beyond the borders of Piedmont, acquiring 65 hectares (160 acres) of vineyards in Tuscany, between Pisa and Volterra, where three different 100% Sangiovese wines are produced. For LA SPINETTA Sangiovese is the true ambassador of the Tuscan terrain. From 2004 to 2012 the indigenous Tuscan portfolio was completed with the production of a Colorino, a Vermentino, a Prugnolo Gentile, a Chianti and a Rosé wine made from Sangiovese and Prugnolo Gentile.*

*In 2011 LA SPINETTA yet adds another winery to the existing three and purchases Italy’s oldest Metodo Classico sparkling wine producer, CONTRATTO, in Canelli, Piedmont. The exquisite bubbles of CONTRATTO as well as the Vermouths and Bitter make LA SPINETTA’s already large wine portfolio complete.*

## BOUCHARD PÈRE & FILS

*Founded in 1731 in Beaune by Michel Bouchard, Bouchard Père & Fils, is one of the oldest wine estates in Burgundy, perpetuating tradition for nearly 3 centuries and 9 generations.*

*In 1775, Joseph Bouchard acquired his first vineyards in Volnay in the famous “Les Caillerets” climat and started to develop the family’s vineyard holdings.*

*During the French Revolution, property belonging to the clergy and nobility was confiscated and put up for sale. Joseph’s son, Antoine Philibert Joseph Bouchard, seized the opportunity to extend the family’s vineyard holdings in Beaune including the famous “Beaune Grèves, Vigne de l’Enfant Jésus.”*

*This desire to build up an exceptional estate in Côte d’Or endured through the generations and acquisitions in the best Villages were added throughout the 19th century and again in the early 20th century.*

*Over time, by acquiring various terroirs with great care and patience, Bouchard Père & Fils has built up a vast domaine in Côte-d’Or. Today the estate boasts 130 hectares of vines, of which 12 are classed Grand Cru and 74 classed as Premier Cru.*

*Bouchard Père & Fils is an example of unique Burgundy heritage, offering great diversity and a raft of prestigious appellations: Montrachet, Corton-Charlemagne, Bonnes-Mares, Meursault Perrières... names that resonate with history, inspiring respect and encouraging the pursuit of excellence, with 4 monopolies and exclusivities among them. These remarkable parcels are meticulously tended by our teams who are responsible for the maintenance of the estate’s vines.*

CHATEAU, MONTELENA  
CALISTOGA, NAPA VALLEY, CALIFORNIA

*Chateau Montelena's history is one of the deepest and most storied in the Napa Valley and California. Founded just north of Calistoga by a senator and San Francisco entrepreneur in 1882 at the turn of the century, it was one of the largest wineries in the state. Prohibition put an end to Montelena's winemaking, and the next major era began in 1968, when Jim Barrett purchased the estate. Jim fell in love with this exceptional property, blessed with a complex mix of soils, slopes and biodiversity of wildlife and fauna. He had a dream of creating wine at the level of the great First Growths of Bordeaux, and set about replanting the vineyard, outfitting the winery with modern equipment, and studying the processes necessary for farming and winemaking at the highest quality level.*

*In 1976 Chateau Montelena put California at the forefront of the wine world. That year a who's-who of the French wine and food establishment gathered for a grand tasting at the Inter-Continental Hotel in Paris. Four white Burgundies were tasted against six California Chardonnays. When the scores were tallied, the French Judges were convinced that the top-ranking white wine was one of their own. In fact, it was Chateau Montelena's 1973 Chardonnay, rated above all other wines. This seminal event has been memorialized in the book "The Judgment of Paris," by George Taber, as well as in the 2008 feature film Bottle Shock.*

*Today Chateau Montelena's distinct 19th century stone structure stands as a quality icon in Napa Valley, consistently producing some of the finest wines in California. Master Winemaker Bo Barrett, Jim's son, now runs the estate with the help of Winemaker Matt Crafton and Vineyard Manager Dave Vella.*

GRANDS VINS D'ALSACE

# GUSTAVE LORENTZ

A BERGHEIM DEPUIS 1836  
FRANCE

## SETTLEMENT IN BERGHEIM

*The first mention of the Lorentz family in the commune of Ribeauvillé dates to the end of the Thirty Years' War in the second half of the 17th century. They were innkeepers or coopers as well as 'gourmets', the old name given to wine merchants, which afforded them an important status in the local community.*

*In 1748, winegrower and blacksmith Jean-Georges Lorentz was the first to settle in Bergheim, which later became the heart of our domain. His son, Pierre Lorentz, was married to the youngest daughter of the Mayor of the time (Nicolas Schmitt). Generations passed with the birth of Jacques Lorentz in 1798 and Charles Lorentz in 1836. This same year, Maison Lorentz was founded in the commune of Bergheim. Today, Georges Lorentz has the honor of managing the estate, seven generations later.*

## SUSTAINABILITY COMMITMENT

*Deeply committed to environmental protection, in 2009 we started the process of conversion of all our owned vineyard property (33 hectares) to organic viticulture. Since the 2012 vintage, our vineyards have been tested and certified as organic by Ecocert, which guarantees our production methods.*

*Grand Cru Kanzlerberg: Just outside the town of Bergheim, west of Altenberg, this terroir faces south and south-west, on steep slopes of the Kanzlerberg, at an average altitude of 250m.*

*Grand Cru Altenberg de Bergheim: On the outside the medieval town of Bergheim, the vineyard extends along the south side of the Grasberg hill, steeply sloping at an altitude of 220-320 meters.*

## GUSTAVE LORENTZ SELECTION

|  |      |       |
|--|------|-------|
| 225. Gewurztraminer, Grand Cru Altenberg de Bergheim, Bergheim, Alsace | 2012 | \$150 |

| 2105. Emilio Lustau, Almacenista, Amontillado del Puerto "Dry"              | \$20 | \$75 |

MAJOR STYLES OF SHERRY WINES

*Sherry wines can be dry (Vinos Generosos), naturally sweet (Vinos Dulces Naturales) or sweetened through blending (Vinos Generosos de Licor). Contrary to what most people think, most sherry is dry. It is basically an aged white wine. Within the dry sherry category, there are two major styles: those that are biologically aged (under a layer of flor yeast – Fino / Manzanilla type) and those that are oxidatively aged (in absence of flor – Oloroso type). Two intermediate styles exist (Amontillado and Palo Cortado), they start as a biologically aged wine but lose their layer of flor at a certain point and continue their maturation in the oxidative way.*

*These wines are made from the Palomino grape.*

*When it comes to sweet sherry, the most important difference is the fact that it can be naturally sweet or "artificially" sweetened by blending dry styles of sherry with sweet wines or grape syrup. Naturally sweet sherry can be produced from Pedro Ximénez or Moscatel grapes that are harvested late and often dried in the sun before being pressed. The blended sweet sherries on the other hand, start from a base of dry Palomino wines, to which PX or Moscatel is added, or arrope, grape that must be cooked and highly concentrated until it forms a kind of syrup.*

*Never has the Sherry triangle been more exciting.*

## S A K E

### SAKE BASICS

*The origin of Sake can be traced back to fermented rice beverage brought to Japan from China by the third century B.C. Since then it has evolved into a unique and sophisticated alcoholic beverage which has become culturally significant for the Japanese people.*

*Although Sake is brewed only from rice, it offers a wide variety of tastes like wine. There are supposed to be more than 2,700 breweries all over Japan, and each brewery uses different Sake-brewing rice, Koji mold (yeast), and water (either spring water or filtered water) in its own unique brewing method. There are also differences distinctive to each Sake-making region in Japan, adding more complexity to the world of Sake. To better appreciate Sake, one needs to know that it is divided into four major categories: Daiginjo, Ginjo, Junmai, and Honjozo.*

### DAIGINJO

*Prized as the top of Japanese Sake, Daiginjo has a very light, fragrant, fruity and subtle taste. It is brewed with rice who's each grain has been polished away by 50-65%, and the various brewing processes are handled with greater care and attention. Serve chilled or at room temperature.*

### GINJO

*Ginjo is Sake brewed with rice who's each grain has been polished away by 40-50%. Like Daiginjo, the flavor of Ginjo is light, fragrant and even complex. Serve chilled or at room temperature.*

### JUNMAI

*Brewed only with rice, filtered water, and Koji mold, Junmai Sake is in general full-bodied and slightly acidic. It goes well with a wide variety of food. Serve at room temperature or hot.*

### HONJOZO

*Honjozo is brewed with rice, filtered water, Koji mold and yeast. The grain of rice is polished by more than 30%. A small amount of alcohol is added in the final fermentation process. Dry and smooth, usually lighter and more fragrant than Junmai Sake. Serve warm or at room temperature.*

*In addition, there are other varieties such as Nigori, Nama, and Ume Shu. Nigori Sake is unfiltered, subtly sweet, and its texture has a white, cloudy look. Nama is draft Sake, not pasteurized, and has a fresher and lighter flavor. Ume Shu is sweet plum wine served as an aperitif or dessert wine.*
